January 2010

NEW AGREEMENT:

TRANBERG AS AND KOCKUM SONICS AB IN SWEDEN ENTERS JOINT VENTURE AGREEMENT ON DISTRIBUTION OF TYFONS

Tranberg AS and Kockum Sonics AB have entered a contract where Tranberg in Stavanger is responsible for the sale of Kockum Sonics Tyfons (fog-horns) and additional spare parts. The contract is valid from 01.01.2010 and is applicable for Norway and Brazil.

This new agreement will enable Tranberg to comply with the ship-owners demand for larger product packages.

The agreement also includes a joint marketing of Kockumatation's systems for ships. Both companies hope that this agreement will lead to higher activity in new and existing markets.

Kockum Sonics AB

From classic "honks" to complete acoustic systems. A Kockum Sonics whistle is not only a high-quality design, it also contains the experience of more than 1 million TYFON® installations! Audibility is determined not simply by the strength of sound emanating from the whistle - much more is entailed to overcome absorption, distortion and local noise. This quality is the result of more than 80 years of development. The TYFON® fulfils all current IMO and national authority regulations.

The complete package

A wide range of TYFON® models is available. Irrespective of whether one is needed for a small yacht,

Torbjørn Henriksson from Kockum and Thomas Solvang from Tranberg are pleased after signing the contract.

working boat, super tanker, bulk carrier or for a cruising vessel such as the Queen Mary, there is a TYFON® for you.

TYFON® can be electric or driven by air. The complete package consist of an

MT150 Tyfon from Kockum Sonics

electric or pneumatically operated TYFON®, together with a signalling system consisting of a controller, bell and gong, lights etc.
